### THE FREE LIST BILL

The Democratic Congress starts out with a bill putting many things that are now highly protected on the free list. It predicts its speedy passage by both House and Senate.

The tariff is a local measure and we do not believe that there will be any unanimity of sentiment about a tariff bill. Human nature is the same the world over and we recall the words "touch a man's pocket book and you touch his heart." The Democratic Congressmen who represent constituents in tariff protected districts, will stand for their special interests. And so it will go through the whole list.

We have great confidence in the President and his cabinet and if it is wise to pass a bill putting practically the whole business interests of the United States on a free basis, we doubt not that he and his associates will be able to clearly show Congress its duty and that it will wisely and expeditiously perform same.

There is a difference, however, between repairing and rebuilding. One strengthens and preserves, the other destroys and rebuilds. This County wants repair work; a complete renovation of the superstructure, a taking out of the effete and replacing with virile, progressive methods. It wants wise reconstruction; not wholesale destruction.

The end to be attained is the relief of a tax ridden people; to lower the cost of living; to bring the necessities of life in the reach of the poor. If the methods proposed will accomplish this beneficent result, God speed the day for their adoption.

### THE INCOME TAX LAW

The burden of taxation is to be increased soon. The bill to be introduced in Congress provides for a tax on incomes as follows:

No tax on incomes of less than \$4,000.  
1 per cent. on incomes between \$4,000 and \$20,000.  
2 per cent. from \$20,000 to \$50,000.  
3 per cent. from \$50,000 to \$100,000.  
4 per cent. on all incomes over \$100,000.

This law will undoubtedly reach many Madison county people.

But its time enough to get scared when the ghost appears. The bill will have rough sailing before it reaches the President. The house and senate are not in the habit of voting a tax on themselves. They will be slow in voting a tax of \$75.00 per annum each on the members of Congress.

However the unanimity of its endorsement as an amendment to the Constitution, may impel them to do so. Or the personal influence of the President and Mr. Bryan may pull the measure through.

Both political parties endorsed the measure before the election.

The rainy season is setting in. Can't those side walks that hold a lake of water be drained? The same power that forced a lot of poor people to take up reasonably good brick walks and put down concrete walks at the cost of hundreds of dollars, surely has enough vitality left to make the owners of these water-holding, lake like, sidewalks, spend ten cents to drain them. How about it Mr. Mayor and gentlemen of the council.

Make Madison a prohibition county in reality. As it now is, liquor can be shipped in sight of the city and lawfully delivered to the consignee. Madison county is dry only in spots. This matter has been neglected too long. Vote it out of the county under County Unit Law.

Oh those jugs, those full jugs, the jugs that the boys can't get! Where (at)? At the Adams Express office. There's a famine on in the jug business. It was the Webb bill that did the work.

Pretty is as pretty does. Miss Richmond invites you to visit her. She will take chances on your falling in love with her. She has many good qualities.

In the midst of our local calamities, has the purse of Richmond opened to the local sufferers?

What about the Chautauqua for this summer? Will Richmond get it?

### Woman Suffrage

At a meeting on last Saturday the members at the Madison County Equal Rights Association voted to give \$20.00 in prizes to the pupils of the schools of this city for the best speech in favor of woman's suffrage.

Voted to meet the Woman's Club Room over Perry's Drug Store the first Monday of every month at 3 p. m.

Voted to go hard at work to obtain full suffrage for women of Kentucky like that enjoyed by the women of Wyoming, Utah, Idaho, Colorado, Washington, California, Kansas, Oregon and Arizona.

### Mad Dog Scare

Monday afternoon a dog supposed to be suffering from hydrophobia was seen on the street at the corner of Main and Second streets. He was shot and killed. No excitement prevailed. But few of the court day crowd knew of the incident.

### Asks Pardon For Patterson

Hon. John L. Shuff, of Cincinnati, Ohio, started a movement in that city to secure a pardon for Mr. John H. Patterson, President of the National Cash Register Company, of Dayton, Ohio. A few weeks since Mr. Patterson was sentenced in the United States Court at Cincinnati to serve one year in the Federal prison on the charge of violating the Sherman anti-trust law. An appeal is now pending in the United States Supreme Court. Since receiving the sentence of the lower court, a great flood swept the Miami Valley, causing great loss of both life and property. At Dayton many lost their lives and millions of dollars worth of property was destroyed. Mr. Patterson spent large sums of money for the succor of the flood victims, and he and his entire family gave every assistance to the afflicted. In starting the movement to have President Wilson pardon Mr. Patterson, the Hon. John L. Shuff said:

"A man who has done so much for the flood sufferers at Dayton as Patterson, should not be allowed to go to prison. Patterson has given more than freely of his private fortune to relieve conditions at Dayton, and has turned his home over to the relief committee to be used as a hospital."

Many Richmond and Madison county people are deeply interested in this movement. Mr. Shuff, the originator, is a native of Scott county, and for a number of years was located in this city, and is well and favorably known to many of our people, who wish him success in his efforts to secure a pardon for the man who has done so much for suffering humanity.

### Negro Mangled by Train

Lucien Smothers, of Mt. Sterling, was found in a mangled and dying condition Tuesday on the C. & O. tracks at Hedges Station, Clark county, and is believed to have fallen from a car while stealing a ride. A message from E. E. Hughes, who lives in that neighborhood, to the Sheriff's office was to the effect that a man believed to be Bert Smothers, who escaped from the jail at Clay City, had been found, and Deputy Sheriff Davis left for the scene. Deputy Sheriff R. S. Scobee notified authorities at Clay City. It was later found that the injured man is a brother of Bert Smothers. He was taken to the office of Dr. C. M. Driver, who attended his injuries.—Winchester Suh.

### Nathaniel Cotton Dead

Nathaniel Cotton, of Kirksville, aged about 82 died Monday morning at his home in Kirksville. He was a highly respected citizen and a consistent member of the Baptist church. His funeral will be held Tuesday and thence his interment in the Gil-ead burying ground. He leaves four sons, J. A., Wm. Tom, Charles and Sam Cotton and a daughter Mrs. C. B. Turner surviving him.

### Over Dose of Cough Syrup

Monday night Mr. and Mrs. L. F. Stamper came very near losing their four-year-old son by administering, through mistake, an overdose of cough syrup, which contained a strong admixture of opium. Dr. Owen was summoned and gave the child artificial respiration for three hours before it showed signs of returning consciousness.—Still Tribune.

The point has been raised that it is unlawful for the express companies or any one else to compete with the Government in carrying any package weighing 11 pounds or less that can be sent by mail. Attorney General McReynolds has been asked for his opinion on the subject.—Ex.

## The Secret of Honest Values

A number of years ago, in looking over business conditions, we came to the conclusion that our greatest asset was not our stock in trade or cash in the bank, but our customers' good will, our reputation for good values and square dealing. We determined to make the name "Oldham" stand as synonym for "QUALITY"—to stand back of our goods and to see that the goods we sold were right. In studying our sources of supply, we found some makers did business that way too, and some did not. But the ones we could rely on were the ones who put their NAMES in their goods and said always "These are ours, we made them, they're right and we will stand behind them."
